He was fired after my gold record collection was stolen. Actually, I fired my whole staff. But I was pretty sure he was the one who stole the records. I even hired a private detective but he never proved the butler stole anything.

The man you know as "the butler" is, or, was my father. I am his only child and he never paid any attention to me. I grew up in his mansion where we had many butlers and maids. I never knew what he did for a living or how he made his millions. It's ridiculous that everyone here thinks he was a real butler. He was a thief and a liar. When he invited me here tonight he said he was sorry for leading such a horrible life. He told me he was going to pay back everyone he had stolen from tonight.

One of them was the man who was poisoned tonight. Unfortunately, I had to fire both butlers after my gold medal disappeared from my trophy case. That's not something you can just pick up at a store! You have to earn it! Anyway, that was the last time I had seen him, until tonight.
